

Translation Quality Table Report

First half measurements summarize deterministic acceptance outcomes for the release.

First half metrics		
Measure	Observed	Required
Selectable characters	240	At least 100
Reviewed pages	1	1
Required findings	0	0
Published artifacts	3	3

Merged header cells retain their logical span and all body rows remain readable.

The same report structure continues on the next page without losing table evidence.

Translation Quality Table Report

Second half measurements summarize deterministic acceptance outcomes for the release.

Second half metrics		
Measure	Observed	Required
Selectable characters	240	At least 100
Reviewed pages	2	2
Required findings	0	0
Published artifacts	3	3

Merged header cells retain their logical span and all body rows remain readable.
